British Human Genetics Conference : 31 August - 2 September 2009
University of Warwick: Scientific Programme

Monday 31 August 2009

Symposia:	**Personalised Genomics**	Dr Paul Pharoah (Cambridge) Dr Brent Zanke (Canada)

Tuesday 1 September 2009

Symposia:	**Complex Genetics**	Dr Jeremy Parr (London) Prof Nick Wood (London) Prof Rosalind Eeles (Sutton, Surrey)
	Trisomy 21 Down Syndrome: Fifty years on- where are we now?	Prof Maj Hulten (Warwick) Prof Lucia Migliore (Pisa, Italy) Dr Ilaria Bellantuono (Sheffield) Dr Kevin Moffat (Warwick) Dr Alex Blakemore (London) Prof Sue Buckley (Southsea)
	Neurogenetics	Dr Bronwyn Kerr (Manchester) Dr Luis Parada (Dallas, USA)
	Chronic Leukaemia and Lymphomas	Dr Stephan Stilgenbauer (Ulm, Germany) Dr Jude Fitzgibbon (London)
	the Carter Lecture given by Dr Leena Peltonen (Cambridge)	
Workshop:	**Cross Boundary Working**	Ms Carolyn Smyth (Birmingham) Ms Cath Stanley (Liverpool) Ms Cath Ashcroft (Leeds) Ms Charlotte Dawson (London) Ms Jackie Denyer (Berkshire)

Concurrent Sessions: from submitted abstracts

Wednesday 2 September 2009

Symposia:	**Genomics and Phenomics**	Prof Dennis Lo (Hong Kong) Prof Stephan Beck (London)
	the BSHG Lecture "Genetics of obesity and insulin resistance syndromes" given by Professor Stephen O'Rahilly (Cambridge)	which includes
Workshops:	**Cardiovascular Genetics**	Prof Richard Trembath (London) Dr Miikka Vikkula (Brussels, Belgium) Dr William McKenna (London) Prof Fiona Karet (Cambridge)
	Circulating nucleic acids; their use in non-invasive Prenatal diagnosis and as markers for cancers	Dr Ian Frayling (Cardiff) Dr Helen White (Salisbury) Dr Lyn Chitty (London) Dr Ruth Board (Manchester)
	Communication about genetic risk between children young people and their Parents	Dr Fiona Ulph (Manchester) Dr Jane Coad (Bristol) Ms Gill Plumridge (Birmingham) Dr Alison Metcalfe (Birmingham)
	Update of solid tumour genetic studies	Dr Phil Stephens (Cambridge) Dr Jorge Reis-Filho (London)

Concurrent Sessions: from submitted abstracts
